Financing with a purpose - our values

- Competence
- Commitment
- Cooperation

Our vision

A prosperous and sustainable Nordic-Baltic region

Our mission is to finance projects that improve the productivity and benefit the environment of the Nordic and Baltic countries.

NIB is an international financial institution owned by eight member countries: Denmark, Estonia, Finland, Iceland, Latvia, Lithuania, Norway, and Sweden.

NIB has the highest possible credit rating, AAA/Aaa, with the leading rating agencies Moody's and S&P Global Ratings.

Nordic Investment Bank (NIB) has operated in Denmark since 1978. The Bank has provided EUR 9.4 billion (DKK 70 billion) to fund more than 310 projects.

In 1975, Denmark joined NIB as a member along with the other Nordic countries.

NIB financing in Denmark has been broad-based, encompassing themes such as electrification, sustainable energy, digitalisation, life sciences, consumer goods and services, and food, leveraging our expertise in these domains.

Looking ahead, NIB aims to continue to support economic growth, the green transition and bolster key value chains and technologies.

Recent highlights

Expansion and development of recycling facilities in Europe

Faerch Group Holding A/S

The loan is connected to Faerch's technology development and circularity targets, driving the transition to a net-zero and circular food packaging industry. Serving more than 4,600 customers worldwide, Faerch operates more than 25 production sites.

Construction and operation of one of Europe's largest biogas facilities

Tønder Biogas A/S

The loan relates to the Tønder Biogas facility, which began its first stages of construction in 2021, and the entire biogas production from the plant will be injected into the natural gas grid. The facility is capable of generating enough energy to meet the yearly consumption needs of more than 25,000 households.

Enhancing international healthcare through digitalisation

Falck A/S

The loan has been provided to Falck A/S to finance their digitalisation efforts from 2024 to 2026. This will maintain and unify their existing IT infrastructure while developing new digital capabilities aimed at improving operational efficiency and enhancing the delivery of healthcare services.

Recently signed loans
